### Crops (Sericulture)

[illegible]

**Fishing and  
aquaculture**

**Livestock (Animal  
Husbandry)**

**Forestry and Logging**

[illegible]

<b>Objective</b>
Grapes , Maize, Banana, Soyabean Fruit Processing, Vegetable Processing etc.
Grapes, Turmeric, Maize, Jowar, Ragi, Bajra, Wheat, Gram, Soyabean, Ground nut , Fruit Processing, Vegetable Processing etc.
Grapes, Turmeric, Maize, Jowar, Ragi, Bajra, Wheat, Gram, Soyabean, Ground nut etc.
Horticultrual Crops
<b>Turmeric, Maize, Jowar, Ragi, Bajra, Wheat, Gram, Soyabean, Ground nut etc.</b>

Turmeric, Maize, Jowar, Ragi, Bajra, Wheat, Gram, Soyabean, Ground nut etc.
<b>National Food Security Mission (NFSM)</b>
Agriculture Export
Mission for integrated development of horticulture(MIDH)
<b>Sericulture - Erection of automatic reeling centre</b>
Sericulture - Mulberry Plantation
Construction, Improvement and Modernization of Fish Seed Centre

Fisehry - Fish Production - Increasing production to 5 ,000 Metric Tons
Fishery _ Fish breeding and fish seed production - Achive Fish fingerling production target of 0.5 crore
Fishery - Reduce post harvest losses by Providing ice box to Fisherman
<b>Supply of milch purpose animals to the people belonging to scheduled caste</b>
Supply of Goat unit to the peoples belonging to scheduled caste
Supply of day old chicks to the farmers
Supply of Fodder seeds to the farmers
Increase in milk production (at least 15 to 20%) and fertility of cows, buffaloes
Tick eradication program
To increase milk production by producing 90% female calf

To create self-employment by imparting training in animal husbandry to the educated unemployed youth of the district.
<b>Supply of seeds &amp; sappling of perennial fodder grasses</b>
District Animal Husbandry Deputy Commissioner
Supply of medicines
Improvement Program for Food Availability of Dairy animal (Vairana and Fodder Development Programme)
Integrated Poultry Development Programme
Construction of veterinary clinics, veterinary first aid centers from Zilla Parishads
<b>Afforestation Replanting in forests with low conservation status</b>
Forest protection works
Wildlife Management and Nature Conservation Scheme

Soil and water conservation works in forest area
Forest protection works
To define directly and indirectly mine affected areas within a district
To regularies scattered excavation areas
To control and regularies illegal excavation sites with the help of remote sensing system
To control and regularies legal excavation sites with the help of remote sensing system

<b>Specific Interventions Required</b>
Approximately 14 FPC Formation for value chain development
stake holder capacity building training by Apeada , NRC, ARS, Agriculture University, KVK, Agri Expert Etc. - approximately 2088 farmers
stake holder capacity building training by Apeada , NRC, ARS, Agriculture University, KVK, Agri Expert Etc. - approximately 9000 farmers
Processing Units - 9 units
Processing Units - 500 units
Farm registrtrtion for export- Approximately 12 %of horticulture area will be covered.
(i) enhancing soil fertility and producing healthy food through organic practices without use of chemicals, (ii) empowering farmers through cluster approach in farm practice management, (iii) quality assurance and (iv) direct marketing of agriculture produce through innovative means - approximately 800 hectares

<p>(i) enhancing soil fertility and producing healthy food through organic practices without use of chemicals, (ii) empowering farmers through cluster approach in farm practice management, (iii) quality assurance and (iv) direct marketing of agriculture produce through innovative means - approximately 800 hectares</p>
<p>To enhance the production of rice, wheat, pulses, coarse cereals, and nutri cereals, the focus is on expanding the cultivation area and improving productivity sustainably.</p> <p>The objective includes restoring soil fertility and productivity at the individual farm level, ultimately boosting the farm-level economy and instilling confidence among farmers.</p>
<p>Promote farmers for the export of approximately 50,000 MT of agricultural products, including Grape/Raisin, Turmeric, Maize/Maize (corn grit), Mango, Spices, Vegetables, Pomegranates, Chilli (Dry), Banana, etc.</p>
<p>For the holistic growth of the horticulture sector, including fruits, vegetables, root and tuber crops, mushrooms, spices, flowers, aromatic plants, etc.</p>
<p><b>Total</b></p>
<p>The proposal for establishing 200 automatic reeling units has been approved for implementation.</p>
<p>Achieve sericulture goals, including planting 1000 acres of mulberry. Spread information to farmers highlighting the eco-friendly and beneficial aspects of sericulture compared to other crops.</p>
<p><b>Total</b></p>
<p>Assistant Commissioner Fisheries</p>

PMMSY
PMMSY scheme and Privatisation of fish breeding centres
DPDC Innovative scheme Reduce post harvest losses by providing basic infrastructure to cold chain
<b>Total</b>
Provision of milch purpose animals with a 75% subsidy to enhance livelihoods and augment income sources.
Supply of Goat unit(10Goat+1Buck) purpose animals at 75% subsidy to improve the livelihood and increase in the source of income 120 unit
Supply of day old 100 chicks to the farmers at 50% subsidy to improve the livelihood and increase in the source of income
Supply of fodder purpose seedd to the farmers at 100% subsidy to increase the availability of fodder in the area and also to improve the livelihood and increase in the source of income'
Monthly infertility check up camps with treatment, and followup
Periodic deworming program
Supply of sex-sorted semen for artificial insemination

<p>Conducting skill development training for self-employment in animal husbandry business as per demand -</p> <p>1. Goat sheep rearing business 2. Poultry business on commercial basis 3 dairy farming 4 small dairy milk collection cum chilling center 5 chicken shop outlet</p>
<p><b>To reduce fodder scarcity supply of fodder seeds, sapplings</b></p>
<p>Construction, strengthening and modernization of veterinary clinics, clinics at the state level</p>
<p>Supply of medicines in veterinary clinics.</p>
<p>Vairana and Fodder Development Programme</p>
<p>District Animal Husbandry Officer, Z.P.</p>

<b>Objective</b>
Increasing awareness about funding schemes of NABARD.
To promote the One District One Product (ODOP) initiative, facilitate exports, and provide guidance and support to local businesses. Termeric and Pumps spares

Awareness about schemes of Agriculture and Processed Food Products Export Development Authority (APEDA) related to food processing.

Raise awareness regarding schemes provided by the Engineering Export Promotion Council for Engineering Exporters.

Raise awareness about various Chemical Expos taking place at domestic and global levels.

Raise awareness about exhibitions conducted by the Apparel Export Promotion Council domestically and globally.
1.Handholding of Industries 2.Supporting youth for industrialization 3. To develop Infrastructure of Industries for sustainable Growth 4. Increase contribution of exports 5. Establishing industries in the district with advanced technologies through various schemes
District Investment Summit
Innovation Centre
1. To support youth for making industrialization 2.Enhancing candidates' employability and fostering self-employment opportunities.
Providing supports to Small buniess Owner with the special focus on Traditional artisans and Craftspeople
Grid-Connected Solar Photovoltaic Project for Offsetting Conventional Energy Sources
Off Grid Solar Project: To provide solar energy in areas with no supply of electricity
KUSUM SCHEME- B: To provide DC Solar Pumps to farmers at their irrigation sources where no electrical connections (90-95% Subsidy)

BIO ENERGY FROM URBAN AND INDUSTRIAL WASTE: To generate energy from urban and industrial waste and help their agency to treat their waste in scientific manner
SOLARISATION OF WATER SUPPLY SCHEME: To reduce conventional energy consumption and save revenue of Gram Panchayat
Energy Conservation and Efficiency: To support industrial / commercial units to save their conventional energy consumption
Replace all existing meters with smart meters to minimize technical and commercial losses. Upgrade the system with new Distribution Transformer Centers and Substations, enhancing substation capacity to meet current and future demands for industrial growth, agricultural load, and PWW schemes. Ensure uninterrupted power supply in existing and developing MIDCs.
Small water supply scheme
Kolhapuri water scheme
Detailed Survey, Construction and Repair of Gated CNB, CNB, Converted Storage Tank, K.T. Weir, Percolation Tank, M.I. Tank of 0 to 600 ha Irrigation capacity
Provision of functional household tap connections to balance 96193 households in the district

To connect habitation as per Core Network Priority list. The Target of length given by Govt.
Proposed to Up-gradation 4 lane configuration for the work of Peth Naka to Sangli Road, NH-166H, from Km O+000 to Km 41+250(Design length=41.25 km)in the
state of Maharashtra on EPC mode.
Construction of Major Bridge 1 and Minor Bridge 1 (Sakav)
1) Upgrade 150 km major district road to State highway
2) Complete all improvement of Sanctioned work on MDR 150km
Goverment office Building ,residential building,sakav and compound wall construction
1) To Complete a Wast Network of Rural Road ie Village Road (VR) and Other District Roads (ODR) having Total Length of 150 KM ZP Construction
Gatiman Prashasan
Empowerment of Police Department
Road safety
<b>Total</b>

## Secondary Sector-1 Year Ac

### Specific Interventions Required

- Funding through NABARD State Scale of Finance: In 2022-23, NABARD financially supported Pune Region under NABARD State Scale of Finance by financing against fixed Scale of Finance. NABARD Officials must be connected with Sangli farmers so that the farmers must take benefits of such scales of finance for upcoming financial years.
- Connecting Farmers to Gramin Bhandaran Yojana: The Warehouse subsidy scheme operated by NABARD for building Cold storage and Warehouse. With the intervention of NABARD, the Sangli farmers must be connected to the scheme so that their storage problem can be solved to a large extent.

Establish ODOP and Export Promotion Cell to identify and promote unique products in each district. Set up Guidance Centers to provide training and assistance to local entrepreneurs. Organize trade fairs and exhibitions to showcase ODOP products. Develop a comprehensive export promotion strategy.

➤ Soft Intervention:

➤ Linked Incentive Scheme for Food Processing Industry through APEDA and Central Government: The scheme will be implemented for next six years 2021-22 and 2026-27 the objective of the scheme to fund food manufacturing unit increase their capacity so that the Indian brand will be visible globally and employment generation can be achieved. So, this scheme can be connected through APEDA since it is the Central scheme of Ministry of Food Processing, and the information is available at APEDA website.

➤ Hard Intervention :

➤ Agriculture and Processed Foods Export Promotion Scheme of APEDA: The 15th financial commission cycle (2021-22 to 2025-26) the scheme providing financial assistance of 40% of 200lakhs to 90% of 600 lakhs under various sub-components. The components of the schemes are (i) Development of Export Infrastructure (ii) Quality Development (iii) Market Development. So, more farmers and entrepreneurs of Sangli must be connected to this scheme to increase the export of food processing goods in upcoming year.

Soft Intervention:

➤ Training cum Awareness about various schemes of Engineering Export Promotion Council: The training cum awareness about the ECGC i.e. Export Credit Guarantee Corporation to aware MSME manufacturers about Export Credit Insurance for Exporters, Export Credit Insurance for Banks, Special credit schemes like Factoring, Buyer Credit's cover, Lines of Credit cover, Overseas investment insurance and Customer specific covers and National Export Insurance Account (NEIA) in association with Engineering Export Promotion Council (EEPC) which will be beneficial for MSME exporters while doing the exports.

Soft Interventions:

➤ Chem Expo for Sangli Chemical Entrepreneurs and Manufacturer in which the participants will get exposers of Chemical Process Technology and Equipment, Chemical Warehouse, Transportation and Logistics. The Chemical Expo will be recently scheduled on 18 April 2023 and 19 April 2023 at Bombay Exhibition Centre Mumbai. So such type of Exhibitions can be made available for Sangli Chemical manufactures through the intervention of CHEMEXCIL which will increase the export in near future.

Capacity Building Programme for Existing Textile Cluster with Design and Soft Intervention:

➤ Exhibition for Textile Exporters in Sangli with intervention of Apparel Export Promotion Council (AEPC): The Apparel Export Promotion Council can be connected through DGFT for arranging exhibitions for Textile Exporters in Sangli where the participants can explore Apparel, Fashion Fabrics, Prints, Machineries, Clothing Accessories, Home Textiles, Footwear, Handbags and many more.
1. Cluster Development 10
2. Package Scheme of Incentives
3. Critical Infrastructure Scheme
4. Prime Minister Employment Generation Programme (PMEGP)
5. Chief Minister Employment Generation Programme (CMEGP)
6. Entrepreneurship Development Training Programme
7. Revised Seed Money Scheme (DPC)
8. District Industries Centre Loan Scheme (DPC)
To develop industries and skilled employment in district (State)
To develop Lab, Testing Facility, Single window facility (State)
<b>Total</b>
1. Prime Minister Employment Generation Programme (PMEGP)
2. Chief Minister Employment Generation Programme (CMEGP)
3. P.M. Vishwakarma Kaushal samman Yojana
<b>Total</b>
Directing MSEDCL to approve net meters at locations with outstanding bills.
Operations and maintenance arrangement post-commissioning of the solar system, including provisions for funds for battery replacement (after 4-5 years).
KUSUM SCHEME 2000 pumps

## Implementation of waste to Energy Projects.

MEDA and GoM: To file petition before MERC for seek permission regarding single point generation and multiple point consumption at different locations

Walk through energy audits  
Detailed energy audit and implement energy conservation pilot project

Total
Augmentation of Power Transformers =23 Nos
